counseling in speech language pdf

Speech-Language Pathology is a field of expertise practiced by a clinician known as a speech-language pathologist (SLP), or a speech therapist. SLP is considered a "related health profession" or "allied health profession" along with audiology, optometry, occupational therapy, clinical psychology, physical therapy, and others. The field of SLP is distinguished from other "related health ...

Groups of deaf people have used sign languages throughout history. One of the earliest written records of a sign language is

from the fifth century BC, in Plato's Cratylus, where Socrates says: "If we hadn't a voice or a tongue, and wanted to express things to one another, wouldn't we try to make signs by moving our hands, head, and the rest of our body, just as dumb people do at present?"
