In addition to changes in nursing practice and education, discussed in Chapters 3 and 4, respectively, strong leadership will be required to realize the vision of a transformed health care system. Although the public is not used to viewing nurses as leaders, and not all nurses begin their career with thoughts of becoming a leader, all nurses must be leaders in the design, implementation, and ...

The Doctor of Nursing Practice (DNP) is a doctoral degree focused on rural clinical practice in Primary Care settings.

Doctor of Nursing Practice - East Tennessee State University

Team nursing is a system of integrated care that was developed in 1950s (under grant from W.K. Kellogg Foundation) directed by Eleanor Lambertson at Teachers College, Columbia University in New York, NY. Because the functional method received criticism, a new system of nursing was devised to improve patient satisfaction. "Care through others" became the hallmark of team nursing.

Team nursing - Wikipedia

David Benton, BSc, MSc, MPhil, RGN, RMN, FRCN. Abstract. The International Council of Nurses is a federation of national nursing associations that works to enable nurses to speak with one voice so as to influence health policy and advance the profession of nursing.

In a field like nursing, where passions and tensions run high, learning to handle conflict effectively is a critical safety skill. 1 Conflict occurs when two or more values, perspectives and opinions are contradictory in nature and have not been aligned or agreed upon. Conflict will always be present in the workplace and is an inevitable condition that is essential for change.
