fashion and textile design pdf

Fashion design is the art of applying design, aesthetics and natural beauty to clothing and its accessories. It is influenced by cultural and social attitudes, and has varied over time and place. Fashion designers work in a number of ways in designing clothing and accessories such as bracelets and necklaces.

Fashion design - Wikipedia

Overview. Textile designing is a creative field that includes fashion design, carpet manufacturing and any other cloth-related field. Textile design fulfills a variety of purposes in our lives. For example, our clothing, carpets, drapes, towels, and rugs are all a result of textile design.

Instead of trying to hide the cord, designer group Form Us With Love has made it the main feature. A minimalist combination of a classic textile cord strengthened with a concealed steel tube, a dimmer and a large light bulb, together forming an iconic design piece. The Mini Cord Lamp is a table version of the floor lamp.

Lena is one of Sweden's best-known glass designers with a long career at Orrefors Glassworks, and she is also specialised in textiles. In her own words, she likes soft glass and hard textiles – her textiles often have a clear graphic expression, while her glass designs are more organic. Lena graduated from Konstfack's textile department, and have received numerous awards since then ...
