Hey guys, so here are the notes I've written for A2 Biology 2016 papers 4 and 5. There are parts where I've written in pencil so it's fairly hard to read, or other places where I've condensed the words too much with symbols, so it probably isn't easy for other people to understand.

A2 Biology Handwritten Notes 2016 | Biology Notes for A level

It is very important to understand the difference between experimental errors and 'mistakes'. A mistake is something that you do incorrectly, such as misreading the scale on a thermometer, or taking a reading at the wrong time, or not emptying a graduated pipette fully.

#74 Identifying sources of error | Biology Notes for A level
